 COVID-19
 Weighted To The U.S. General Adult Population - Propensity

23 Mar 2020
 Table 186

Q2159 Many households have money that they invest for many purposes. Excluding any company pension or retirement plan or any property investments, what would you estimate your household's total investable and disposable assets to be?

Please include any cash you have in checking or savings accounts, stocks, bonds, mutual funds, and any money you have in IRAs, but do not include your primary or secondary residence, or assets in any employer savings or retirement plans, including a 401(k) plan, in this figure.
