COVID-19

Weighted To The U.S. General Adult Population - Propensity

Page Table Title

1	1	CV01 As of Friday, the U.S. reported a record of 75,600 daily new cases, the number has more than doubled since June 24th. When do you think the cases will go down?
2	2	CV02 Given this information, how much more likely are you now than last month to wear a mask and socially distance?
3	3	CV03 Where do you think the country is right now in dealing with the COVID19 pandemic?
4	4	CV04 Given recent surge in cases how likely do you think it is that deaths will be rising shortly too?
5	5	CV05 Which of the following statements are closest to your beliefs?
6	6	CV06 How likely or unlikely are these things going to happen this fall? Summary Of Likely
7	7	CV06 How likely or unlikely are these things going to happen this fall? Summary Of Unlikely
8	8	CV06_1 How likely or unlikely are these things going to happen this fall? My kid(s) will be taking courses online from home
9	9	CV06_2 How likely or unlikely are these things going to happen this fall? Kids will be in school
10	10	CV06_3 How likely or unlikely are these things going to happen this fall? I will be working from home
11	11	CV06_4 How likely or unlikely are these things going to happen this fall? I will be working from the office
12	12	CV06_5 How likely or unlikely are these things going to happen this fall? We will have an NFL season
13	13	CV06_6 How likely or unlikely are these things going to happen this fall? We will have a college football season
14	14	CV06_7 How likely or unlikely are these things going to happen this fall? I will be voting in person
15	15	CV06_8 How likely or unlikely are these things going to happen this fall? I will be voting by mail
16	16	CV06_9 How likely or unlikely are these things going to happen this fall? I will fly on an airplane
17	17	CV06_10 How likely or unlikely are these things going to happen this fall? I will stay in a hotel
18	18	CV06_11 How likely or unlikely are these things going to happen this fall? I will take my kid(s) trick or treating for Halloween
19	19	CV06_12 How likely or unlikely are these things going to happen this fall? I will travel for Labor Day
20	20	CV06_13 How likely or unlikely are these things going to happen this fall? I will travel for winter holidays (Christmas, Hanukkah)
21	21	CV06_14 How likely or unlikely are these things going to happen this fall? With working remotely as an option, I will consider living in a different location
22	22	CV07 Do you think there will be another lockdown in each of the following? Please select all that apply.
23	23	CV08 In your opinion, whose responsibility should it be to enforce lock downs?
24	24	CV09 If the Federal Government does not issue another lockdown, do you think your Governor should issue one?
25	25	CV10 If your Governor does not issue another lockdown, do you think your Mayor should issue one?
26	26	CV11 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Summary Of Very/Somewhat Likely
27	27	CV11 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Summary Of Very/Somewhat Unlikely
28	28	CV11_1 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Limit people I socialize with to a close social circle of no more than 10 people.
29	29	CV11_2 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Limit my travel within my close social circle to homes, apartments as much as possible in outdoor settings (e.g. backyard bbq instead of bars/restaurants).
30	30	CV11_3 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Get tested regularly, at least once a month and share results with my close social circle.
31	31	CV11_4 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Look out for one another by reinforcing rules of my close social circle to protect each other.
32	32	CV11_5 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? As testing time wanes past two weeks, limit my contact with at risk family members, parents and grandparents until my next test.
33	33	CV11_6 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Wear a mask in public.
34	34	CV11_7 In exchange for ending a lockdown within a month, how likely would you be to do each of the following? Social distancing in public (staying 6-feet apart).
35	35	CV12 Certain states such as California, Texas, Florida, and Arizona are seeing a rise in cases. While states such as New York are reopening. What do you think is the main reason for this difference?
