Q2159 Many households have money that they invest for many purposes. Excluding any company pension or retirement plan or any property investments, what would you estimate your household's total investable and disposable assets to be?

Please include any cash you have in checking or savings accounts, stocks, bonds, mutual funds, and any money you have in IRAs, but do not include your primary or secondary residence, or assets in any employer savings or retirement plans, including a 401(k) plan, in this figure.

AS01 Recently the Academy of Motion Picture Arts and Sciences released a new diversity requirement for a film to be eligible for Best Picture at the Oscars. Any film hoping to be eligible for the award must meet at least 2 out of the 4 categories which are intended to encourage diversity and equitable representation on and off screen. How much do you agree or disagree with the new requirement?

Q2159 Many households have money that they invest for many purposes. Excluding any company pension or retirement plan or any property investments, what would you estimate your household's total investable and disposable assets to be?

Please include any cash you have in checking or savings accounts, stocks, bonds, mutual funds, and any money you have in IRAs, but do not include your primary or secondary residence, or assets in any employer savings or retirement plans, including a 401(k) plan, in this figure.
