

YOUTH MENTAL HEALTH - NOVEMBER 2020		Unweighted Count	Count
	Total	846	866
Child's Grade Level	Will enter kindergarten within the next year (Preschool or Pre-K)	26	31
	Elementary school (Kindergarten - Grade 5)	349	353
	Middle school (Grades 6-8)	212	208
	High school (Grades 9-12)	235	243
	Less than \$50,000	231	213
Household Income	\$50,000-\$74,999	188	132
	\$75,000-\$99,999	110	125
	\$100,000 or more	315	394
Parent's Ethnicity	White (Not Hispanic)	661	627
	Hispanic	110	193
	Black Only (Not Hispanic)	90	108
	Asian Only (Not Hispanic)	48	64

Q1. Which of the following best describes your household?

Table with columns for Grade Level (Elementary, Middle, High school), Household Income (Less than \$50,000, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000 or more), and Parents' Ethnicity (White, Hispanic, Black, Asian). Rows include Dual-parent household, Single-parent household, and BASE: ALL QUALIFIED RESPONDERS.

Q2. Which of the following has occurred in your household during the COVID-19 pandemic, if any?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows list various COVID-19 related events such as Q2R1: Reduced income, Q2R2: Food insecurity, Q2R3: Physical abuse, etc.

BASE: ALL QUALIFIED RESPONDERS

Q3. What is the grade level of this child?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows include Will enter kindergarten within the next year, Elementary school, Middle school, High school, and BASE: ALL QUALIFIED RESPONDERS.

Q4. How has your child been educated since the COVID-19 pandemic started?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows include Remote or at-home learning, Hybrid or in-person and at-home learning, In-person in a classroom, and BASE: ALL QUALIFIED RESPONDERS.

Q5. In general, how would you describe your child's physical health right now?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows include Excellent, Very good, Good, Fair, Poor, and BASE: ALL QUALIFIED RESPONDERS.

Q6. In general, how would you describe your child's mental health right now?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows include Excellent, Very good, Good, Fair, Poor, and BASE: ALL QUALIFIED RESPONDERS.

Q7. Did your child experience any of the following symptoms before the COVID-19 pandemic started?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows list various symptoms such as Q7R1: Quick to anger, Q7R2: Difficulty concentrating, Q7R3: Low energy, etc.

BASE: ALL QUALIFIED RESPONDERS

Q8. Were any of the following treatments used for your child's symptoms?

Table with columns for Grade Level, Household Income, and Parents' Ethnicity. Rows include Q8R1: Counseling or therapy, Q8R2: Medication, Q8R3: Other (please specify).

Q84: None	162	170	30%	6	6	32%	78	89	46%	30	37	20%	38	38	26%	60	60	127%	36	15	11%	22	26	35%	43	66	25%	112	115	31%	26	54	46%	19	16	39%	16	12	47%

BASE: PARENTS OF SCHOOL-AGED CHILD THAT DID NOT RECEIVE TREATMENT BEFORE COVID

Q84: How would you rate the effectiveness of the treatment your child received?
Did not receive treatment

(Table structure is identical to the one above, showing effectiveness ratings for no treatment before COVID.)

BASE: ALL QUALIFIED RESPONDENTS

Q84: How would you rate the effectiveness of the treatment your child received?
All qualified respondents

(Table structure is identical to the one above, showing effectiveness ratings for all qualified respondents before COVID.)

BASE: PARENTS OF SCHOOL-AGED CHILD DISPLAYING SYMPTOMS AFTER COVID STARTED

Q84: How would you rate the effectiveness of the treatment your child received?
Counseling or therapy

(Table structure is identical to the one above, showing effectiveness ratings for counseling or therapy after COVID.)

BASE: PARENTS OF SCHOOL-AGED CHILD THAT RECEIVED COUNSELING OR THERAPY AFTER COVID STARTED

Q84: How would you rate the effectiveness of the treatment your child received?
Counseling or therapy

(Table structure is identical to the one above, showing effectiveness ratings for counseling or therapy after COVID.)

BASE: PARENTS OF SCHOOL-AGED CHILD THAT RECEIVED MEDICATION AFTER COVID STARTED

Q84: How would you rate the effectiveness of the treatment your child received?
Medication

(Table structure is identical to the one above, showing effectiveness ratings for medication after COVID.)

Q85: Which of the following describes why your child did not receive treatment for their symptoms?

(Table structure is identical to the one above, showing reasons for not receiving treatment.)
