CVR2 Many companies here in the U.S. are stepping in to support the rollout of the COVID-19 vaccine through ways such as offering discounts to vaccine recipients, encouraging their employees to take the vaccine, and providing retail space to administer the vaccine. Please select all that apply. Which of the following are true for you?

IMPO2 As you may know, in the coming days the U.S. Senate will hold an impeachment trial to convict President Trump for "incitement and insurrection." If two-thirds of the Senate votes to convict President Trump and remove him from office and prevent him from holding federal office again, do you think it would cause more unity or more division?
