OAM4 Oral antiviral medications are not intended to replace vaccines to fight against COVID. However, these pills could be used as treatment, to stop the virus replicating in people who have just been diagnosed with COVID-19 or for prevention, by people who have been exposed to COVID-19 but have not yet tested positive. Knowing this, how interested would you be in taking this medication if it were available to you?

Page	Table	Title
1	1	Q2180 And are you...?
2	2	Q2182 Do you consider yourself to be a transgender individual?
3	3	VCE1a Which of the following applies to you regarding the COVID-19 vaccine?
4	4	VCE1b Which of the following best describes your mindset to getting the COVID-19 vaccine in the future?
5	5	OAM1 Recently, a couple of pharmaceutical companies in the U.S. entered trial phases for an oral antiviral medication that can potentially be used for treating non-life-threatening cases of COVID. How much have you seen, heard, or read about oral antiviral medications as a treatment for COVID?
6	6	OAM2 In your opinion, from what you've heard, read, or seen, what is the purpose of oral antiviral medications for COVID? Please select all that apply. The antiviral medication is...
7	7	OAM2 In your opinion, from what you've heard, read, or seen, what is the purpose of oral antiviral medications for COVID? Please select all that apply. The antiviral medication is...
8	8	OAM3 Regardless of how much you know about oral antiviral medications, how interested would you be in taking this for protection against COVID?
9	9	OAM4 Oral antiviral medications are not intended to replace vaccines to fight against COVID. However, these pills could be used as treatment, to stop the virus replicating in people who have just been diagnosed with COVID-19 or for prevention, by people who have been exposed to COVID-19 but have not yet tested positive. Knowing this, how interested would you be in taking this medication if it were available to you?
10	10	OAM5 Which of the following would you prefer?
11	11	OAM6 How much more likely would you be to take an oral antiviral medication for COVID than get vaccinated?
12	12	OAM7 Why are you more likely to take an oral antiviral medication for COVID than to get vaccinated? Please select all that apply.
13	13	NUR01 Generally speaking, how confident are you in the safety measures being taken at a nursing home or assisted living facility to protect against the spread of COVID-19?
14	14	NUR02 Generally speaking, do you approve or disapprove of how nursing homes and assisted living facilities nationwide have responded to protect against the spread of COVID-19?
15	15	MVX03 How much do you agree or disagree with the following statements? Summary Of Strongly/Somewhat Agree
16	16	MVX03 How much do you agree or disagree with the following statements? Summary Of Strongly/Somewhat Disagree
17	17	MVX03_1 How much do you agree or disagree with the following statements? Organizations like hospitals and nursing homes have the right to terminate employees if they do not get vaccinated against COVID-19
18	18	MVX03_2 How much do you agree or disagree with the following statements? A person's right to choose to get vaccinated is a prime example of freedom in America
19	19	MVX03_3 How much do you agree or disagree with the following statements? It is selfish to not get vaccinated if you work with vulnerable populations
20	20	NY20 What do you fear most about coming out of the COVID-19 pandemic?
21	21	VAX250 What is your single most trusted source of information about the vaccine right now? Please select one.
22	22	TLH1 In general, how comfortable are you using "telehealth" for mental health services (e.g., using your phone or computer to speak with healthcare professionals like virtual therapy)
23	23	TLH1 In general, how comfortable are you using "telehealth" for mental health services (e.g., using your phone or computer to speak with healthcare professionals like virtual therapy)
24	24	TLH2 How likely are you to continue using telehealth services once the COVID-19 pandemic is over?
25	25	TLH3 If you were given the option, would you prefer to use telehealth services or in-person health services for mental health services?
26	26	THL5 If your doctor moved mostly to telehealth services, how much would you miss in-person doctors' visits?
27	27	THL5 If your doctor moved mostly to telehealth services, how much would you miss in-person doctors' visits?
28	28	TLH6 How comfortable would you be to use a telehealth app that connects you with qualified doctors virtually to address your healthcare needs such as medical questions, prescribing medication, mental health, etc., instead of going to your primary care doctor?
29	29	TLH6 How comfortable would you be to use a telehealth app that connects you with qualified doctors virtually to address your healthcare needs such as medical questions, prescribing medication, mental health, etc., instead of going to your primary care doctor?
30	30	CT01 How concerned are you about each of following due to the COVID-19 pandemic? Summary Of Very/Somewhat Concerned
31	31	CT01 How concerned are you about each of following due to the COVID-19 pandemic? Summary Of Not At All/Not Too Concerned
32	32	CT01_1 How concerned are you about each of following due to the COVID-19 pandemic? A new wave of COVID-19 in my area
33	33	CT01_2 How concerned are you about each of following due to the COVID-19 pandemic? Losing your job due to the pandemic
34	34	CT01_3 How concerned are you about each of following due to the COVID-19 pandemic? You or your loved one's risk of being exposed to COVID-19 when you leave your home for essential errands
35	35	CT01_4 How concerned are you about each of following due to the COVID-19 pandemic? Returning to my normal activities in public (e.g., public transit, socializing)
36	36	CT01_5 How concerned are you about each of following due to the COVID-19 pandemic? Potential shortage of hospital ventilators for assisted breathing
37	37	CT01_6 How concerned are you about each of following due to the COVID-19 pandemic? Potential side effects of COVID vaccine

OAM4 Oral antiviral medications are not intended to replace vaccines to fight against COVID. However, these pills could be used as treatment, to stop the virus replicating in people who have just been diagnosed with COVID-19 or for prevention, by people who have been exposed to COVID-19 but have not yet tested positive. Knowing this, how interested would you be in taking this medication if it were available to you?

Base: All Respondents

COVID-19
Weighted To The U.S. General Adult Population - Propensity

Page	Table	Title
1	1	Q2180 And are you...?
2	2	Q2182 Do you consider yourself to be a transgender individual?
3	3	VCE1a Which of the following applies to you regarding the COVID-19 vaccine?
4	4	VCE1b Which of the following best describes your mindset to getting the COVID-19 vaccine in the future?
5	5	OAM1 Recently, a couple of pharmaceutical companies in the U.S. entered trial phases for an oral antiviral medication that can potentially be used for treating non-life-threatening cases of COVID. How much have you seen, heard, or read about oral antiviral medications as a treatment for COVID?
6	6	OAM2 In your opinion, from what you've heard, read, or seen, what is the purpose of oral antiviral medications for COVID? Please select all that apply. The antiviral medication is...
7	7	OAM2 In your opinion, from what you've heard, read, or seen, what is the purpose of oral antiviral medications for COVID? Please select all that apply. The antiviral medication is...
8	8	OAM3 Regardless of how much you know about oral antiviral medications, how interested would you be in taking this for protection against COVID?
9	9	OAM4 Oral antiviral medications are not intended to replace vaccines to fight against COVID. However, these pills could be used as treatment, to stop the virus replicating in people who have just been diagnosed with COVID-19 or for prevention, by people who have been exposed to COVID-19 but have not yet tested positive. Knowing this, how interested would you be in taking this medication if it were available to you?
10	10	OAM5 Which of the following would you prefer?
11	11	OAM6 How much more likely would you be to take an oral antiviral medication for COVID than get vaccinated?
12	12	OAM7 Why are you more likely to take an oral antiviral medication for COVID than to get vaccinated? Please select all that apply.
13	13	NUR01 Generally speaking, how confident are you in the safety measures being taken at a nursing home or assisted living facility to protect against the spread of COVID-19?
14	14	NUR02 Generally speaking, do you approve or disapprove of how nursing homes and assisted living facilities nationwide have responded to protect against the spread of COVID-19?
15	15	MVX03 How much do you agree or disagree with the following statements? Summary Of Strongly/Somewhat Agree
16	16	MVX03 How much do you agree or disagree with the following statements? Summary Of Strongly/Somewhat Disagree
17	17	MVX03_1 How much do you agree or disagree with the following statements? Organizations like hospitals and nursing homes have the right to terminate employees if they do not get vaccinated against COVID-19
18	18	MVX03_2 How much do you agree or disagree with the following statements? A person's right to choose to get vaccinated is a prime example of freedom in America
19	19	MVX03_3 How much do you agree or disagree with the following statements? It is selfish to not get vaccinated if you work with vulnerable populations
20	20	NY20 What do you fear most about coming out of the COVID-19 pandemic?
21	21	VAX250 What is your single most trusted source of information about the vaccine right now? Please select one.
22	22	TLH1 In general, how comfortable are you using "telehealth" for mental health services (e.g., using your phone or computer to speak with healthcare professionals like virtual therapy)
23	23	TLH1 In general, how comfortable are you using "telehealth" for mental health services (e.g., using your phone or computer to speak with healthcare professionals like virtual therapy)
24	24	TLH2 How likely are you to continue using telehealth services once the COVID-19 pandemic is over?
25	25	TLH3 If you were given the option, would you prefer to use telehealth services or in-person health services for mental health services?
26	26	THL5 If your doctor moved mostly to telehealth services, how much would you miss in-person doctors' visits?
27	27	THL5 If your doctor moved mostly to telehealth services, how much would you miss in-person doctors' visits?
28	28	TLH6 How comfortable would you be to use a telehealth app that connects you with qualified doctors virtually to address your healthcare needs such as medical questions, prescribing medication, mental health, etc., instead of going to your primary care doctor?
29	29	TLH6 How comfortable would you be to use a telehealth app that connects you with qualified doctors virtually to address your healthcare needs such as medical questions, prescribing medication, mental health, etc., instead of going to your primary care doctor?
30	30	CT01 How concerned are you about each of following due to the COVID-19 pandemic? Summary Of Very/Somewhat Concerned
31	31	CT01 How concerned are you about each of following due to the COVID-19 pandemic? Summary Of Not At All/Not Too Concerned
32	32	CT01_1 How concerned are you about each of following due to the COVID-19 pandemic? A new wave of COVID-19 in my area
33	33	CT01_2 How concerned are you about each of following due to the COVID-19 pandemic? Losing your job due to the pandemic
34	34	CT01_3 How concerned are you about each of following due to the COVID-19 pandemic? You or your loved one's risk of being exposed to COVID-19 when you leave your home for essential errands
35	35	CT01_4 How concerned are you about each of following due to the COVID-19 pandemic? Returning to my normal activities in public (e.g., public transit, socializing)
36	36	CT01_5 How concerned are you about each of following due to the COVID-19 pandemic? Potential shortage of hospital ventilators for assisted breathing
37	37	CT01_6 How concerned are you about each of following due to the COVID-19 pandemic? Potential side effects of COVID vaccine

1 November 2021
